About

ECCA PROJECTS

Ecca Projects is a Melbourne based family-owned construction company established in 1999, building with integrity and efficiency.

We specialise in high end multi-level Apartment, Town-Home & Commercial mix projects working closely in collaboration with client and key stakeholders. Focus is on the brief and requirements, identifying and managing stakeholder expectations ensuring an economical and innovative solution is delivered on time promoting long lasting relationships.

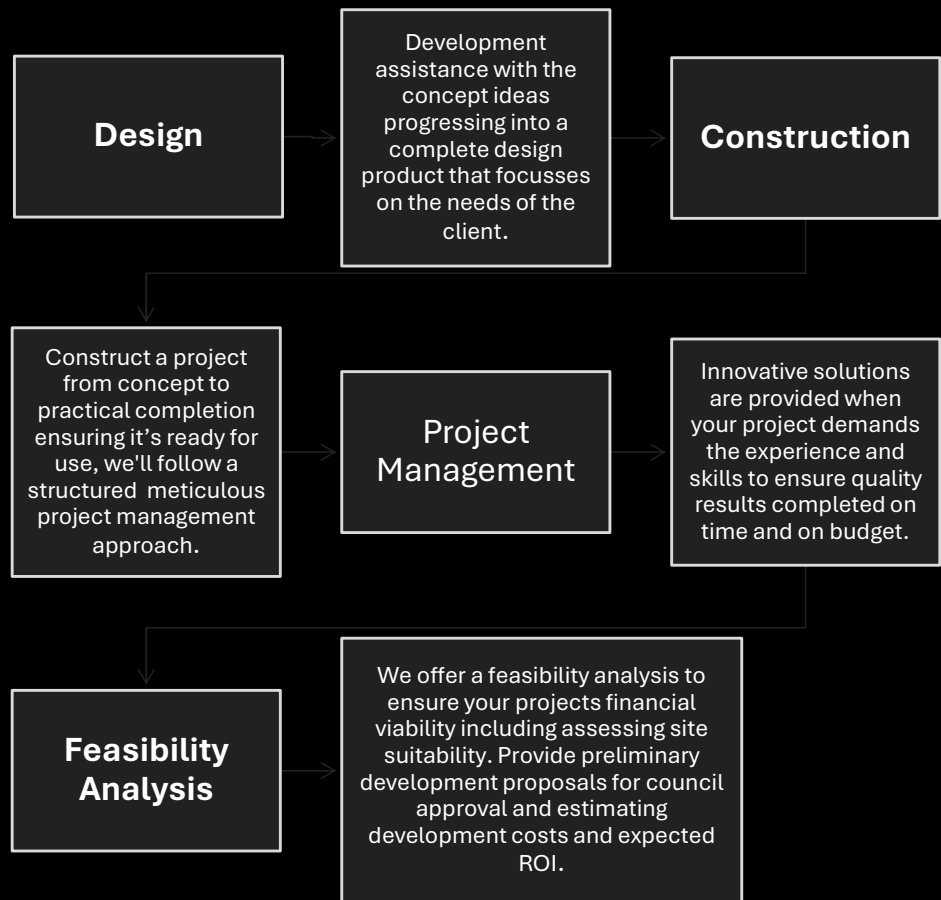

With over 25 years of experience, we have successfully completed countless projects, each with its own unique challenges. Our ability to adapt and provide viable solutions has been central to our sustained success. Throughout this period, we've had significant advancements in organisational structure, construction methodologies, financial capabilities, and large-scale project management. Our dedication to continuous improvement, has strengthened our relationship with industry partners and financial institutions.

Our team embodies a focused, inclusive approach that fosters growth, leadership, and achievement. Led by Director Edward Stone and Construction manager Carlo Russo, we leverage our extensive experience to manage teams effectively, aligning with industry best practices and procedures. This ensures that we deliver optimal and efficient outcomes for every project.

At ECCA PROJECTS, our passion for sustainable and eco-friendly practices is of vital importance for minimizing environmental impact not just for today but for the future. We diligently incorporate green building materials and innovative techniques into our projects whenever possible as it's a step towards a more sustainable future.

Capabilities

We consistently achieve outstanding results by aligning our specialised capabilities with agreed upon targets, ensuring that our tailored solutions meet and exceed expectations.

Core Values

Build with integrity and efficiency

Strong moral foundations –integrity, respect and responsibility

Passion, excellence and authentic engagement

Developing strong relationships with key stakeholders and industry partners

Committed, proud and results driven

Transparent communication

Team inclusion environment
